The Public Service Commission has approved the plans and forms of con tract for six sections of the Fourth ave nue subway extending from the Man hattan Bridge terminal to the vicinity of Fourth avenue and orty-third street Brooklyn. Notice of such approvel was given to the Board of Estimate or March 12, and the board is to take up the subject at to-morrow's meeting.

#### To Cut Down Work.

Despite the assertion of Borough President Coler that there is available for the Fourth avenue subway work no mate, if to-morrow's plan goes through will decide to approve only one conto exceed \$2,000,000. A resolution will be introduced which practically calls for Bridge at the Flatbush avenue station

The Fourth Avenue Subway promoters, representing the citizens of Brookfrom Fulton street down to Coney Island, see in this a sinister plan to pu of Flatbush avenue for many years They say that if the Manhattan Bridge Long Island Railroad station it will mean that the end of the route will remain right there for another generation. There will be plenty of plain speaking on the subject at the mass meeting to-night. It is quite likely that a big committee will be appointed to visit the City Hall to-morrow while the Board of Estimate is in session and make a demonstration of some sort.

### The Proposed Resolution.

Here are the resolutions which, according to the Brooklynites interested in the Fourth Avenue Subway, will, if wassed by the Board of Estimate, give he Fourth avenue route a long, lingering black eye:

A few days ago the doctor received threatening letters from the Reactionary organization, saying that his death sentence had been signed. On Monday of this week Revolutionists at Nezhin set fire to the house of M. Voloshky, a local lender of the League of Russian People. M. Voloshky was badly burned and all the members of his family perished.
